I will be out of the office until Tuesday of next week. You can take it to my cube and leave it in my chair. Thanks!

Ken:

Per FedEx records, GRB anticipates delivery of the three certified title documents from Ottawa County sometime today. In the past, GRB has made two copies of certified document and placed one in the "Costello binder" and one in the file copy binder. The "Costello binder" has then been returned to you and the file copy submitted to Day Forward so that the SDMS scanned version can be updated. GRB has retained the original certified documents for EPA. Is this the procedure you would like us to follow with these additional documents?

thanks
